

Earn what you deserve.  
Protect what you earn.

# It's simple

QSIDental® EDI Services help you earn and keep more money.

If you haven't integrated electronic data interchange (EDI) into your electronic dental record (EDR) and practice management system, your practice isn't earning as much as it could.

And you're probably wasting money in the process.

## Sustainable financial rewards at your fingertips

Everyone benefits when you automate patient statements and communication

QSIDental EDI Services frees up your clinical and administrative staff to focus on higher-value tasks that can improve your patients' experience, increase the quality of dentistry you deliver, and generate better financial performance, month after month.

Automate the business side of your dental practice:

- Patient statements and correspondence
- Insurance claims
- Insurance payment remittance advice
- Claim attachments
- Eligibility inquiry/response
- Appointment reminders – phone, email, text

Create remarkable improvements in claims accuracy, staff productivity, and your bottom line:

- Reduced claim errors and resubmissions
- Fewer A/R days
- Faster payments
- Improved cash flow
- Fewer FTE costs
- No extra hardware to rent or buy
- No set-up or installation fees
- No additional phone or computer lines

## Electronic Remittance Advice (ERA) Services speeds workflow... and cash flow

ERA is a HIPAA-compliant, convenient alternative to paper remittances. Improve your productivity by knowing in advance which claims have been paid and in what amounts:

- Get paid up to one week faster than with paper EOBs and checks
- Reduce paperwork by automating your posting process and financial management
- Streamline your reconciliation process for claims and payment
- Quickly search, view, or print each remittance as needed
- Improve cash flow with optional electronic funds transfer (EFT) directly from payers to your bank account

**Streamline** your reconciliation  
process for **claims and payment**
